## CONVALESCENTS BUILD UP ON PEPTO-MANGAN

Increases the Supply of Rich, Red Blood  
 Restores Strength and Vigor

### PHYSICIANS RECOMMEND IT.

Sold In Liquid and Tablet Form--The Name "Gude's" Is the Guide to Genuine Pepto-Mangan

A serious illness such as Influenza or other infectious disease always leaves the body with low vitality, lack of strength and impoverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery for it creates a generous supply of rich red blood and restores the body to its normal healthy condition.

That's why physicians recommend Pepto-Mangan for they know that it imparts to the blood the materials sorely needed by weak run-down systems.

Pale, sallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich red blood is created which in turn imparts the glow of health to the cheeks increases the appetite the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's". Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.
